

Duplex Flanges

Duplex flanges: Special Piping Materials provide premium quality **Duplex flanges** that are utilized in diverse industrial applications all over the universe. With the ceaseless reinforcement of our expert team, we offer a vast assortment of **Duplex flanges**. We design flanges which are precisely directed to meet diverse needs of our customers. It delivers unique characteristics such as strength, efficiency and international standard quality.

Extraordinary Piping Materials give premium quality **Duplex flanges** that are utilized as a part of various modern applications everywhere throughout the world. A **Duplex flanges** is an outside or inward rib, or rim (lip), for quality, as the duplex flange of a beam or I-beam (or a T-beam); or for an aide, as the flange of a train wheel; or for connection to an alternate object, as the duplex flange on the end of a pipe, steam cylinder, and so forth, or on the lens mount of a cam. In this way a flanged rail is a rail with a flange on one side to keep wheels, and so on., from running off. The expression "duplex flange" is likewise utilized for a sort of hardware used to structure flanges. By utilizing flanges, pipes can be gathered or dismantled effortlessly.

Our firm is a famous stockist and supplier of **Duplex flanges**. Obtained from trusted merchants, these flanges are broadly utilized as a part of utilized engineering, mechanical and automobile industries. Customers can profit these flanges from us in diverse reach. We offer our products in differed standards as well as specifications.

Standard : ASTM / ASME A/SA 182.

Grade : UNS NO. S 31803, S 32205, S 32550, S 32750, S 32760.

Address	:	Rexino Stainless & Alloys, Shop No. 6, Ghojaria Estate no. 2 Kharwa Lane, 6th Kumbharwada Kumbharwada Mumbai- 400004

Types :

- Reducing Flanges
- Blind Flanges
- Plate Flanges
- Screwed Flanges
- Weld Neck Flanges
- Stainless Steel Flanges
- Slip on Flanges
- Socket Weld Flanges
- Lap Joint Flanges etc.

Technical Specification

600 LB. FLANGES
